

DB Systems – final project

USER MANUAL

Ariel Ireni & Yonatan Voihansky

Overview

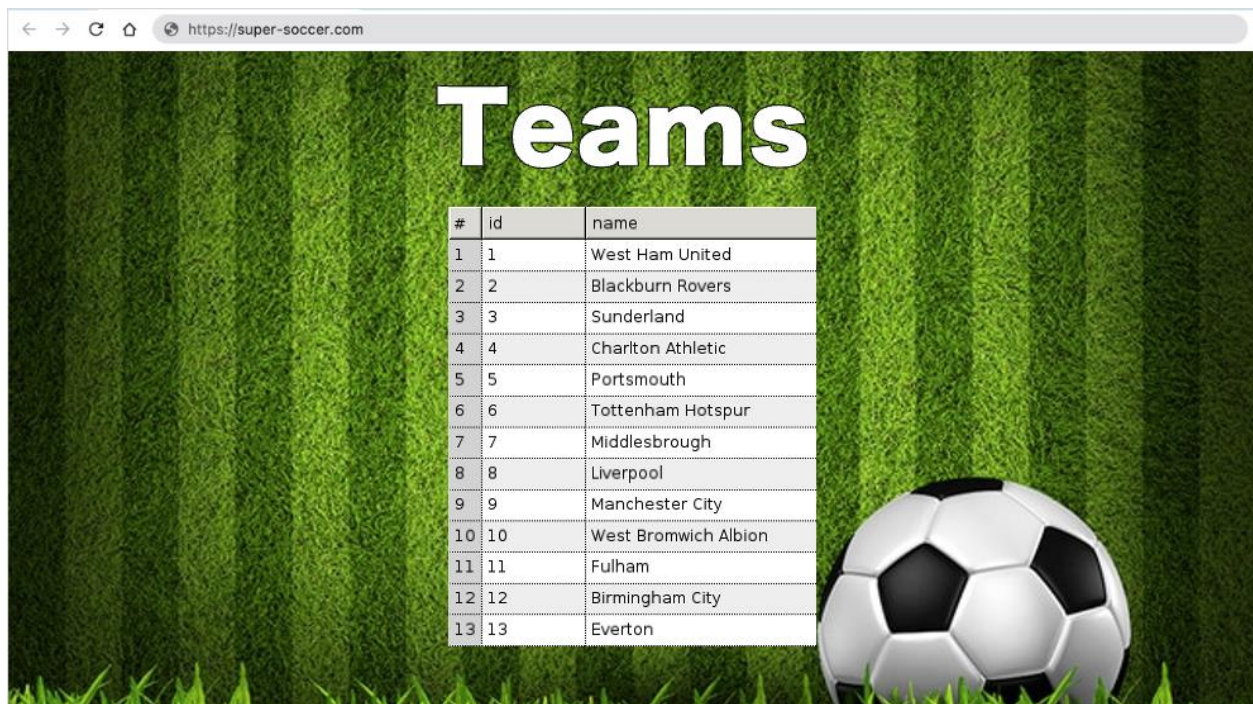

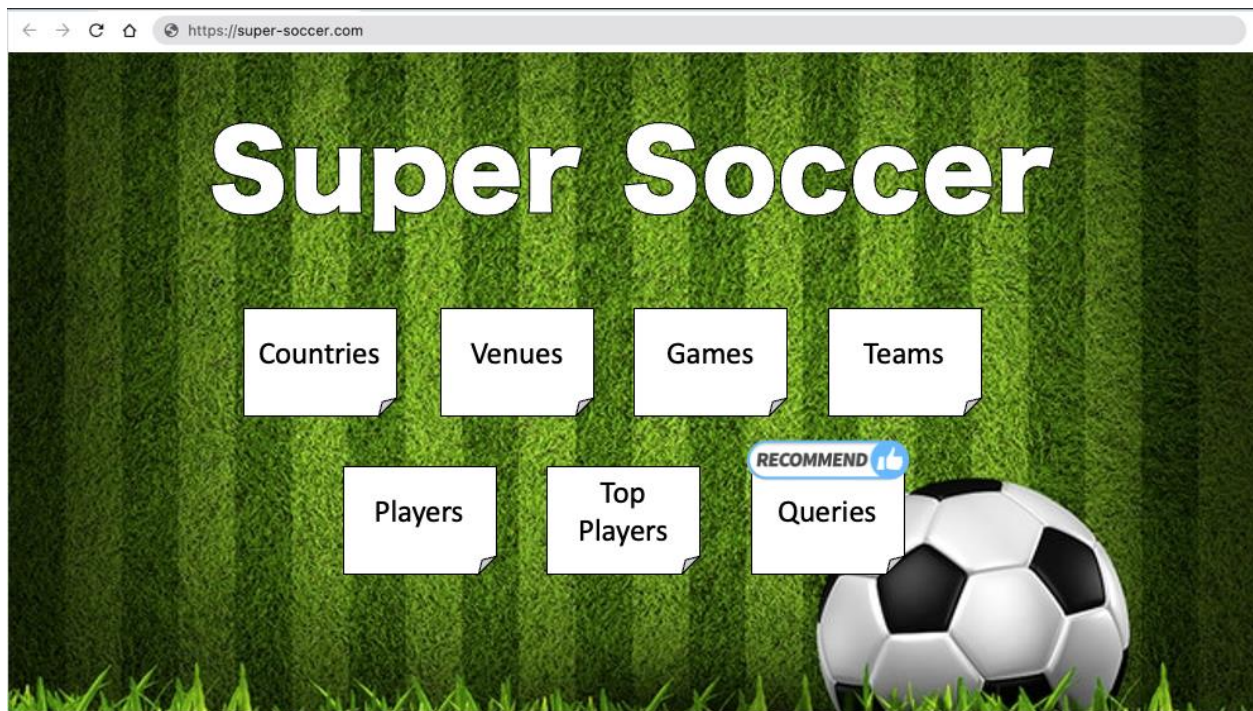

Our project provides a comprehensive overview of soccer in England, with a focus on the top leagues and teams.

We aim to keep users informed and up-to-date with the latest news, events and developments in the world of English soccer.

We will also feature a section dedicated to the top players of the last 5 years, providing a detailed look at their performance and achievements, including awards, milestones and other notable accomplishments.

Our goal is to be a go-to source for fans looking for in-depth coverage and analysis of English soccer, without the emphasis on statistics.
